Plan Room Policy

The plan room is a valuable service to members of The Builders Exchange and is available for use by every member company. It is requested that each person using the plan room respect the rights and needs of all members. To help insure that maximum value from this service accrues to all members, the following common sense guidelines for plan room use have been established.

The plan room is open weekdays from 8:00 am to 5:00 pm except on legal holidays. Persons using the plan room must be employed on the permanent staff of a WBE member. Each person entering the plan room must sign the plan room register. Persons not signing the register will be denied use of the facilities. Plan room privileges will be suspended or revoked for any member not in good standing financially with WBE, or whose representatives abuse the plan room use. The plan room facilities are designed to provide reasonable plan services, and are not designed to accommodate full-time use for estimating and the transaction of business.

If plans are defaced or mutilated deliberately by an estimator, the estimator will be responsible to defray the complete cost of reprinting the set of plans. Further, upon evidence of deliberate defacing or mutilation, the estimator and his firm will be suspended from all plan room services. Marks, checks or figures placed on the drawings or specifications must be erased prior to returning them to the rack. All plans and specifications must be returned to the proper rack when not in use. An individual should review only one set of plans at a time and activities should be limited to one table. While no time limit is set for which an individual may use a set of plans, courtesy is expected and should be used. Plans and specifications cannot be reserved for use in the plan room during office hours or for the removal from the plan room during office hours. Anyone removing plans or specifications from the plan room without authorization will have their plan room privileges revoked until membership suspension is considered by WBE.
